To Whom It May Concern:

It is with great pleasure that I offer this Letter of Recommendation for Icon Security Systems. Over the years they have successfully completed several projects for us, on time and budget. Their work for us has involved security, entertainment and voice/data systems.

I have found Icon Security Systems to be knowledgeable and productive in resolution of constructability issues. Their management of construction projects reflects their experience and professionalism, providing excellent response and documentation. Most importantly, their cooperative attitude and pride in their performance makes it a pleasure to work with them.

Should you have any questions, please do not hesitate to contact us.

Sincerely,

Roberto Padron, AIA
