Icon Security Systems, Inc.  
8306 Mills Drive, #354  
Miami, FL 33183

To all prospective clients of Icon Security Systems, Inc.:

Recently, I had the very difficult decision of deciding who to trust with my family's security. Thankfully, I was referred to Icon Security Systems, Inc. Upon contacting them, scheduling an appointment to have them come to my house and discuss their different security systems could not have been easier. They worked around my schedule and within a few days, we met at my house at a time that was convenient for me. Together we found an affordable security system that was the best fit for my home and family. Icon Security Systems, Inc. installed the security system without making a mess and went out of there way not to inconvenience my family. Since installation, they've even contacted me, several times, to make sure everything is working properly. It is my absolute pleasure to recommend Icon Security Systems, Inc. to anyone in need of their services.

Very truly yours,

  
Jorge E. Silva, Esq.
